Genesco Inc. (NYSE: GCO) today reported GAAP earnings from continuing operations per diluted share of \$6.20 for the three months ended January 30, 2021, compared to earnings from continuing operations per diluted share of \$2.49 in the fourth quarter last year. Adjusted for the Excluded Items in both periods, the Company reported fourth quarter earnings from continuing operations per diluted share of \$2.76, compared to earnings from continuing operations per diluted share of \$3.09 last year.

GAAP loss from continuing operations per diluted share was \$(3.94) for the year ended January 30, 2021, compared to earnings from continuing operations per diluted share of \$3.94 for the year ended February 1, 2020. Adjusted for the Excluded Items in both periods, the Company reported Fiscal 2021 loss from continuing operations per diluted share of \$(1.18), compared to earnings from continuing operations per diluted share of \$4.58 for Fiscal 2020.

Mimi E. Vaughn, Genesco board chair, president and chief executive officer, said, "We concluded an incredibly challenging year with a fourth quarter that exceeded our expectations across the board highlighted by strength at Journeys. Our improving performance throughout Fiscal 2021 under difficult circumstances reflects the strength of our retail concepts prior to COVID-19 and our success capitalizing on the opportunities that emerged during the pandemic to fortify the leadership positions of our teen and young adult footwear businesses. The numerous digital investments we've made over the past several years allowed us to take advantage of the accelerated shift to online spending to achieve record digital revenue of nearly \$450 million, an increase of almost 75% year-over-year, while also fueling record profitability for this channel.

"While we expect the environment to remain fluid in the near-term, we are optimistic about our ability to solidify our recent digital gains and further expand our market share. The events of the past year have provided us the opportunity to transform our business at a faster pace. We believe this, along with a solid balance sheet, have put us in a strong position to emerge from the pandemic, invest for growth, and build great value for our shareholders."

Thomas A. George, Genesco interim chief financial officer, commented, "We were pleased with our fourth quarter performance, as all facets of operating results exceeded our internal expectations. Building upon our strong return to profitability in the third quarter, sequential improvements compared to the prior quarters in revenue, gross margin, and operating expenses, inclusive of rent abatements, drove operating income above last year's level. In terms of earnings, we far exceeded our initial expectations; however, a higher tax rate offset the higher operating income, resulting in adjusted EPS of \$2.76 compared to \$3.09 last year."

#### Store Re-Opening Update

As of March 11, 2021, the Company is operating in 90% of its locations, including approximately 1,145 Journeys, 160 Johnston & Murphy and 2 Schuh locations.

#### Fourth Quarter Review

Net sales for the fourth quarter of Fiscal 2021 decreased 6% to \$637 million from \$678 million in the fourth quarter of Fiscal 2020. This sales decrease was driven by continued pressure at Johnston & Murphy and the impact from store closures during the quarter, partially offset by digital comp growth of 55%. Stores were open about 90% of possible days. Although the Company has disclosed comparable sales for the fourth quarter of Fiscal 2021, it is providing both overall and comp sales by business to give better insight into performance.

## Comparable Sales

### Comparable Same Store and Direct Sales:4QFY214QFY20

Journeys Group	2%	1%
Schuh Group	35%	3%
Johnston & Murphy Group	(35)%	(3)%
Total Genesco Comparable Sales	1%	1%
Same Store Sales	(10)%	(2)%
Comparable Direct Sales	55%	19%

Overall sales were flat at Journeys, down 13% at Schuh, and down 42% at Johnston & Murphy while sales were up 84% at Licensed Brands due to the Togast acquisition in the fourth quarter last year.

Fourth quarter gross margin this year was 45.8%, down 110 basis points, compared with 46.9% last year. The decrease as a percentage of sales is due primarily to higher shipping and warehouse expense in all of our retail divisions driven by the increase in penetration of e-commerce, increased closeouts at Johnston & Murphy wholesale and higher markdowns at Johnston & Murphy retail and to the mix of our businesses, partially offset by decreased markdowns at Journeys.

Adjusted selling and administrative expense for the fourth quarter this year decreased 240 basis points as a percentage of sales. On a dollar basis, expenses decreased 12% compared to the same period last year due primarily to reduced occupancy expense, driven by rent abatement agreements with landlords and government relief programs, as well as reduced selling salaries, partially offset by increased marketing expenses.

Genesco's GAAP operating income for the fourth quarter was \$62.6 million, or 9.8% of sales this year, compared with \$45.3 million, or 6.7% of sales last year. Adjusted for the Excluded Items in both periods, operating income for the fourth quarter was \$64.7 million this year compared to \$59.3 million last year. Adjusted operating margin was 10.2% of sales in the fourth quarter of Fiscal 2021 and 8.8% last year.

The effective tax rate for the quarter was -45.6% in Fiscal 2021 compared to 21.0% last year. The adjusted tax rate, reflecting Excluded Items, was 37.5% in Fiscal 2021 compared to 25.3% last year. The higher adjusted tax rate for this year reflects the reversal of previously accrued tax benefits under the CARES Act due to positive earnings in the fourth quarter this year. The divergence between the effective tax rate and the adjusted tax rate is due to income tax initiatives under the CARES Act and other provisions that are excluded from the adjusted tax rate.

GAAP earnings from continuing operations were \$90.0 million in the fourth quarter of Fiscal 2021, compared to \$35.5 million in the fourth quarter last year. Adjusted for the Excluded Items in both periods, fourth quarter earnings from continuing operations were \$40.0 million, or \$2.76 per share, in Fiscal 2021, compared to \$44.1 million, or \$3.09 per share, last year.

### Full Year Review

Net sales for Fiscal 2021 decreased 19% to \$1.8 billion from \$2.2 billion in Fiscal 2020. This sales decrease was driven by the impact from store closures during the year, lower store comps and sales pressure at Johnston & Murphy, partially offset by digital comp growth of 74%. Stores were open about 76% of possible days. The Company has not disclosed comparable sales for Fiscal 2021 as it believes that overall sales is a more meaningful metric during this period due to the impact of COVID-19.

## Comparable Sales

### Comparable Same Store and Direct Sales:FY21FY20

Journeys Group	NA	4%
Schuh Group	NA	2%
Johnston & Murphy Group	NA	(2)%
Total Genesco Comparable Sales	NA	3%
Same Store Sales	NA	1%
Comparable Direct Sales	74%	18%

Overall sales were down 16% at Journeys, 18% at Schuh, and 49% at Johnston & Murphy while sales were up 61% at Licensed Brands due to the Togast acquisition in the fourth quarter last year.

Fiscal 2021 gross margin was 45.0%, down 340 basis points, compared with 48.4% last year. The decrease as a percentage of sales is due primarily to higher shipping and warehouse expense in all of our retail divisions driven by the increase in penetration of e-commerce, reduced margins at Johnston & Murphy as a result of increased inventory reserves, increased markdowns at Johnston & Murphy retail and closeouts at Johnston & Murphy wholesale, the mix of our businesses and increased promotional activity at Schuh, partially offset by decreased markdowns at Journeys.

Adjusted selling and administrative expense as a percentage of sales for the year was 45.7%, up 180 basis points, compared to 43.9% last year. On a dollar basis, expenses decreased 15% compared to the same period last year due primarily to reduced occupancy expense, driven by rent abatement agreements with landlords and government relief programs, as well as reduced selling salaries and bonus and travel expenses, partially offset by increased marketing expenses.

Genesco's GAAP operating loss for Fiscal 2021 was \$(107.2) million, or (6.0)% of sales, compared with operating income of \$83.3 million, or 3.8% of sales last year. Adjusted for the Excluded Items in both periods, the operating loss was \$(11.8) million this year compared to operating income of \$99.2 million last year. Adjusted operating margin was (0.7)% of sales in Fiscal 2021 and 4.5% of sales last year.

The effective tax rate was 49.8% in Fiscal 2021 compared to 25.1% last year. The adjusted tax rate, reflecting Excluded Items, was -3.3% in Fiscal 2021 compared to 26.9% last year. The lower adjusted tax rate for this year reflects the impact of the Company's performance in foreign jurisdictions for which no income tax benefit or expense is recorded in Fiscal 2021, partially offset by taxes accrued for the U.S. jurisdiction. The divergence between the effective tax rate and the adjusted tax rate is due to income tax initiatives under the CARES Act and other provisions that are excluded from the adjusted tax rate.

GAAP loss from continuing operations was \$(56.0) million in Fiscal 2021, compared to earnings from continuing operations of \$61.8 million in Fiscal 2020. Adjusted for the Excluded Items in both periods, the loss from continuing operations was \$(16.7) million, or \$(1.18) per share, in Fiscal 2021, compared to earnings from continuing operations of \$71.8 million, or \$4.58 per share, last year.
