

Genesco Inc. Reports Fiscal 2024 Second Quarter Results

August 31, 2023

NASHVILLE, Tenn.--(BUSINESS WIRE)--Aug. 31, 2023-- Genesco Inc. (NYSE: GCO) today reported second quarter results for the three months ended July 29, 2023.

Second Quarter Fiscal 2024 Financial Summary

- Net sales of \$523 million decreased 2% compared to Q2FY23
- Comps down 2%, with stores down 6% and direct up 14%
- E-commerce sales represented 21% of retail sales compared to 18% last year
- Gross margin improved 20 basis points
- GAAP EPS from continuing operations was (\$2.79) vs. \$0.59 last year
- Non-GAAP EPS from continuing operations was (\$0.85)¹ vs. \$0.59 last year
- Repurchased \$22.9 million of stock or 8% of outstanding shares during Q2FY24, with \$52.1 million remaining on the expanded share repurchase authorization announced in June 2023

Mimi E. Vaughn, Genesco's Board Chair, President and Chief Executive Officer, said, "As we expected, the operating environment remained challenging in the second quarter. However, relative to earlier this year, we were encouraged to see some improvement in the trend within our Journeys business as the quarter progressed, leading us to deliver results ahead of our prior expectations. In the meantime, Schuh and Johnston & Murphy continue to outperform, each delivering another quarter of record sales despite the challenging backdrop, and we continued to make progress on our plans to close roughly 100 Journeys stores and reduce costs by \$40 million. Moving forward, I remain confident that we are implementing the right strategic initiatives to weather the current environment, including specific actions to elevate and accelerate Journeys performance and evolve it for the longer term to drive value in an even stronger competitive position."

Vaughn continued, "Thus far in the third quarter, sales trends for the Back-to-School season improved a little further with consumers shopping when there is a reason and much closer to need. Given the ongoing lack of visibility into consumer demand patterns in the near-term and other pressures, we are maintaining our cautious view and reiterating our outlook for Fiscal 2024."

¹ Excludes a charge for asset impairments, net of tax effect in the second quarter of Fiscal 2024 ("Excluded Items"). A reconciliation of earnings (loss) and earnings (loss) per share from continuing operations in accordance with U.S. Generally Accepted Accounting Principles ("GAAP") with the adjusted earnings (loss) and earnings (loss) per share numbers is set forth on Schedule B to this press release. The Company believes that disclosure of earnings (loss) and earnings (loss) per share from continuing operations adjusted for the items not reflected in the previously announced expectations will be meaningful to investors, especially in light of the impact of such items on the results.

Second Quarter Review

Net sales for the second quarter of Fiscal 2024 of \$523 million decreased 2% compared to \$535 million in the second quarter of Fiscal 2023. The sales decrease compared to last year was driven by decreased store sales in Journeys Group and decreased wholesale sales, partially offset by a 14% increase in e-commerce comparable sales, strong store performance at Schuh and Johnston & Murphy and a favorable foreign exchange impact.

Comparable Sales

Comparable Same Store and Direct Sales:	2QFY24	2QFY23
Journeys Group	(11)%	(8)%
Schuh Group	17%	9%
Johnston & Murphy Group	12%	17%
Total Genesco Comparable Sales	(2)%	(2)%
Same Store Sales	(6)%	(2)%
Comparable Direct Sales	14%	(3)%

The overall sales decrease of 2% for the second quarter of Fiscal 2024 compared to the second quarter of Fiscal 2023 was driven by a decrease of 11% at Journeys and a 7% decrease at Genesco Brands, partially offset by an increase of 21% at Schuh and an increase of 4% at Johnston & Murphy. On a constant currency basis, Schuh sales were up 17% for the second quarter this year.

Second quarter gross margin this year was 47.7%, up 20 basis points compared with 47.5% last year. The increase as a percentage of sales compared to Fiscal 2023 is due primarily to increased markdowns at Journeys being offset by improved margins in all the remaining businesses.

Selling and administrative expense for the second quarter this year increased 380 basis points as a percentage of sales compared with last year. Adjusted selling and administrative expense for the second quarter this year increased 400 basis points as a percentage of sales compared with last

year. The increase as a percentage of sales compared to Fiscal 2023 reflects the deleverage of expenses as a result of decreased revenue in the second quarter of Fiscal 2024. The increase in expense was primarily related to a prior year reversal of performance-based compensation expense, along with increased compensation expense, and higher IT expenses to drive technology initiatives in the second quarter this year.

Genesco's GAAP operating loss for the second quarter was (\$38.6) million, or (7.4)% of sales this year, compared with operating income of \$9.1 million, or 1.7% of sales in the second quarter last year. Adjusted for the Excluded Items in all periods, the operating loss for the second quarter was (\$10.0) million this year compared to operating income of \$10.0 million last year. Adjusted operating margin was (1.9)% of sales in the second quarter of Fiscal 2024 and 1.9% in the second quarter last year.

The effective tax rate for the quarter was 23.1% in Fiscal 2024 compared to 11.3% in the second quarter last year. The adjusted tax rate, reflecting Excluded Items, was 23.4% in Fiscal 2024 compared to 19.5% in the second quarter last year. The higher adjusted tax rate for the second quarter this year compared to the second quarter last year reflects that we are no longer subject to valuation allowance in certain jurisdictions.

GAAP loss from continuing operations was (\$31.6) million in the second quarter of Fiscal 2024 compared to earnings from continuing operations of \$7.7 million in the second quarter last year. Adjusted for the Excluded Items in all periods, the second quarter loss from continuing operations was (\$9.6) million, or (\$0.85) per share, in Fiscal 2024, compared to earnings from continuing operations of \$7.7 million, or \$0.59 per share, in the second quarter last year.

Impairment Charges

Due to a dispute with a Genesco Brands Group licensor regarding renewal of their current license in the normal course and based on the requirements of ASC 350, "Intangibles - Goodwill and Other," the Company identified possible indicators of impairment in the second quarter of Fiscal 2024. As a result, the Company recognized the full impairment of goodwill in its Genesco Brands Group and recorded a non-cash impairment charge of \$28.5 million pretax, or \$1.93 per diluted share after tax.

Cash, Borrowings and Inventory

Cash as of July 29, 2023 was \$37.4 million, compared with \$44.9 million as of July 30, 2022. Total debt at the end of the second quarter of Fiscal 2024 was \$131.5 million compared with \$48.9 million at the end of last year's second quarter. Inventories decreased 3% on a year over year basis, primarily reflecting a decrease in Journeys inventory, partially offset by increased inventory for the Johnston & Murphy and Schuh businesses to support higher levels of sales, while Genesco Brands inventories were flat.

Capital Expenditures and Store Activity

For the second quarter this year, capital expenditures were \$18 million, related primarily to digital and omnichannel initiatives and retail stores. Depreciation and amortization was \$12 million. During the quarter, the Company opened ten stores and closed 31 stores. The Company ended the quarter with 1,375 stores compared with 1,412 stores at the end of the second quarter last year, or a decrease of 3%. Square footage was down 1% on a year-over-year basis.

Share Repurchases

The Company repurchased 1,006,295 shares during the second quarter of Fiscal 2024 at a cost of \$22.9 million or an average of \$22.71 per share. The Company currently has \$52.1 million remaining on its expanded share repurchase authorization announced in June 2023.

Store Closing and Cost Savings Update

- The Company expects to close approximately 100 Journeys stores in Fiscal 2024
- The Company anticipates up to \$40 million in cost reductions by the end of Fiscal 2025, with approximately \$20 million realized in Fiscal 2024

Reaffirms Fiscal 2024 EPS Outlook

For Fiscal 2024, the Company:

- Now expects sales to be down 2% to 4%, or down 3% to 5% excluding the 53rd week this year, compared to Fiscal 2023
- Continues to expect adjusted diluted earnings per share from continuing operations in the range of \$2.00 to \$2.50, with an expectation that EPS will be near the mid-point of the range ²
- Guidance assumes no further share repurchases and a tax rate of 24%
