--Results Exceed Expectations, Driven by Journeys--

--Total Comparable Sales Increased 6%; Journeys Comparable Sales Increased 11%--

-- Raises Fiscal 2025 Guidance —

NASHVILLE, Tenn.--(BUSINESS WIRE)--Dec. 6, 2024-- Genesco Inc. (NYSE: GCO) today reported third quarter results for the three months ended November 2, 2024.

Third Quarter Fiscal 2025 Financial Summary

- Total net sales increased 3% to \$596 million; comparable sales increased 6%
- Comparable e-commerce sales increased 15%; comparable store sales increased 4%
- E-commerce sales represented 24% of retail sales compared to 21% last year
- GAAP EPS was (\$1.76) and Non-GAAP EPS was \$0.61¹
- Raises sales guidance to down 1% to flat compared to Fiscal 2024, or flat to up 1% excluding the 53rd week in Fiscal 2024
- Raises Fiscal 2025 adjusted EPS guidance to \$0.80 to \$1.002

Mimi E. Vaughn, Genesco's Board Chair, President and Chief Executive Officer, said, "Our quarterly performance once again exceeded expectations and marked a return to positive overall comparable sales. Following a strong start to the third quarter including the heart of back-to-school, sales trends at Journeys remained robust in September and October, fueling a double-digit comp gain for the business. This result was driven by the initial phase of Journeys' strategic growth plan which has focused on elevating the consumer experience including improving the product assortment and visually resetting our stores. EPS would have been stronger without the shift of an important back-to-school week into the second quarter this year."

Vaughn continued, "We are pleased with Journeys' start to the fourth quarter including the important Black Friday/Cyber Monday period, especially as demand for several discretionary categories including footwear continues to be very selective and event driven. Based on the current variability of consumer demand and shopping trends, we have adopted a more cautious view for Schuh and Johnston & Murphy over the remainder of this year.

"We are in the very early innings of returning Journeys and the overall company to historical rates of sales and profitability. With the progress we've recently made, and our track record of successfully evolving our businesses in response to changing consumer preferences and purchasing behavior, I feel confident we have the experience and strategies to drive profitable growth across the Company and create greater value for our shareholders over the near- and long-term."

Third Quarter Review

Net sales for the third quarter of Fiscal 2025 of \$596 million were up 3% compared to \$579 million in the third quarter of Fiscal 2024. The sales increase reflects a 6% increase in comparable sales, including a 15% increase in e-commerce comparable sales and a 4% increase in same store sales, and a favorable foreign exchange impact, partially offset by the negative impact of moving a strong week of back-to-school sales of approximately \$17 million from the third quarter to the second quarter this year related to the 53-week calendar shift and the impact of net store closings.

Comparable Sales

Comparable Same Store and E-commerce Sales:	3QFY25	3QFY24

¹Excludes charges for asset impairments, net of tax effect in the third quarter of Fiscal 2025 ("Excluded Items"). Also excludes income tax expense of \$26.3 million related to a U.S. valuation allowance in the third quarter of Fiscal 2025 and other items as detailed on Schedule B included with this press release. A reconciliation of earnings (loss) and earnings (loss) per share from continuing operations in accordance with U.S. Generally Accepted Accounting Principles ("GAAP") with the adjusted earnings (loss) and earnings (loss) per share numbers is set forth on Schedule B to this press release. The Company believes that disclosure of earnings (loss) and earnings (loss) per share from continuing operations adjusted for the items not reflected in the previously announced expectations will be meaningful to investors, especially in light of the impact of such items on the results.

²A reconciliation of the adjusted financial measures cited in the guidance to their corresponding measures as reported pursuant to GAAP is included in Schedule B to this press release.

The overall sales increase for the third quarter of Fiscal 2025 compared to the third quarter of Fiscal 2024 was driven by an increase of 4% at Journeys, an increase of 3% at Schuh and a 10% increase at Genesco Brands, partially offset by a decrease of 4% at Johnston & Murphy. On a constant currency basis, Schuh sales were down 2% for the third quarter this year.

Third quarter gross margin this year decreased 30 basis points as a percentage of sales to 47.8% compared with 48.1% last year. The decrease as a percentage of sales compared to Fiscal 2024 is due primarily to changes in product mix at Journeys.

Selling and administrative expense for the third quarter this year decreased 10 basis points as a percentage of sales to 46.1% compared to 46.2% last year. The decrease as a percentage of sales compared to Fiscal 2024 reflects the combination of our cost savings initiatives, the closure of unproductive stores and some improvement in other expenses, partially offset by additional selling salaries and marketing expenses.

Genesco's GAAP operating income for the third quarter was \$10.2 million, or 1.7% of sales this year, compared with \$10.9 million, or 1.9% of sales in the third quarter last year. Adjusted for the Excluded Items in the third quarters of both Fiscal 2025 and 2024, operating income for the third quarter was \$10.3 million this year compared to \$11.0 million last year. Adjusted operating margin was 1.7% of sales in the third quarter of Fiscal 2025 compared to 1.9% in the third quarter last year.

The effective tax rate for the quarter was 311.5% in Fiscal 2025 compared to 22.5% in the third quarter last year. The adjusted tax rate, reflecting Excluded Items, was 27.1% in Fiscal 2025 compared to 27.8% in the third quarter last year. The lower adjusted tax rate for the third quarter this year compared to the third quarter last year reflects a reduction in the tax benefit recorded year to date due to lower projected earnings and taxes from our foreign jurisdictions. The divergence between the effective tax rate and the adjusted tax rate is due to recording a \$26.3 million U.S. valuation allowance in the third quarter this year that is excluded from the adjusted tax rate.

The GAAP loss from continuing operations was \$18.8 million in the third quarter of Fiscal 2025 compared to earnings from continuing operations of \$6.6 million in the third quarter last year. Adjusted for the Excluded Items in the third quarters of both Fiscal 2025 and 2024 and the U.S. valuation allowance in the third quarter of Fiscal 2025, third quarter earnings from continuing operations were \$6.6 million, or \$0.61 per share, in Fiscal 2025, compared to \$6.2 million, or \$0.57 per share, in the third quarter last year.

Cash, Borrowings and Inventory

Cash as of November 2, 2024, was \$33.6 million, compared with \$21.7 million as of October 28, 2023. Total debt at the end of the third quarter of Fiscal 2025 was \$100.1 million compared with \$128.2 million at the end of last year's third quarter. Inventories increased 1% on a year-over-year basis, reflecting increased inventory for Genesco Brands, partially offset by a decrease at Schuh and Johnston & Murphy, while Journeys remained flat.

Capital Expenditures and Store Activity

For the third quarter this year, capital expenditures were \$13 million, related primarily to retail stores and digital and omnichannel initiatives. Depreciation and amortization was \$13 million. During the quarter, the Company opened two stores and closed 14 stores. The Company ended the quarter with 1,302 stores compared with 1,360 stores at the end of the third quarter last year, or a decrease of 4%. Square footage was down 4% on a year-over-year basis.

Share Repurchases

The Company repurchased 17,922 shares during the third quarter of Fiscal 2025 for \$0.4 million, or \$24.50 per share. The Company currently has \$42.3 million remaining on its expanded share repurchase authorization announced in June 2023.

Store Closing and Cost Savings Update

- The Company closed 12 Journeys stores in the third quarter of Fiscal 2025 (for a total of 41 Journeys stores closed to date in Fiscal 2025) and expects to close up to another 10 Journeys stores in Fiscal 2025
- The Company's cost savings program remains on track to achieve a reduction in the annualized run rate of \$45 to \$50 million by the end of Fiscal 2025

Fiscal 2025 Outlook

For Fiscal 2025, the Company:

- Now expects total sales to be down 1% to flat compared to Fiscal 2024, or flat to up 1% excluding the 53rd week in Fiscal 2024 versus prior expectations for a total sales decrease of 1% to 2%, or flat to down 1% excluding the 53rd week in Fiscal 2024
- Now expects adjusted diluted earnings per share from continuing operations in the range of \$0.80 to \$1.00 versus prior guidance of \$0.60 to \$1.00²
- Guidance assumes no further share repurchases and a tax rate of 27%
