Mimi E. Vaughn, Genesco's Board Chair, President and Chief Executive Officer, said, "We delivered a strong finish to the year with fourth quarter sales and gross margins exceeding expectations and operating income up meaningfully from the prior year period. Our performance was led by Journeys as the strategic growth initiatives we've implemented over the past 12 months fueled strong full priced selling and mid-teens comp growth. At the same time, sales trends at Schuh and Johnston & Murphy further improved with fourth quarter comps for both businesses reaching the highest level of the year."

¹Non-GAAP EPS is a non-GAAP measure and excludes a gross margin charge related to a distribution model transition in Genesco Brands Group, net of tax effect, in Fiscal 2025 and charges for severance and asset impairments, net of tax effect in the fourth quarter and year of Fiscal 2025 ("Excluded Items"). Also excludes income tax expense of \$26.2 million related to a U.S. valuation allowance in Fiscal 2025. A reconciliation of earnings (loss) and earnings (loss) per share from continuing operations in accordance with U.S. Generally Accepted Accounting Principles ("GAAP") with the adjusted earnings (loss) and earnings (loss) per share numbers is set forth on Schedule B to this press release. The Company believes that disclosure of earnings (loss) and earnings (loss) per share from continuing operations adjusted for the items not reflected in the previously announced expectations will be meaningful to investors, especially in light of the impact of such items on the results.

Vaughn continued, "It is rewarding to look back and see that we accomplished the strategic priorities we outlined at the start of Fiscal 2025 and that our efforts led to improved comparable sales and enhanced profitability as the year progressed. We are in the early innings of returning Journeys and the overall company to historical rates of sales and profits, but we are heading in the right direction. We are excited about the actions we are taking to build on our momentum in Fiscal 2026 centered around our footwear focused strategy and Journeys' strategic growth plan, and we feel confident we are positioning the business to deliver profitable growth and shareholder value over the long-term."

Fourth Quarter Review

Net sales for the fourth quarter (13 weeks) increased 1% to \$746 million in Fiscal 2025 compared to \$739 million in the fourth quarter (14 weeks) of Fiscal 2024. The net sales increase reflects a 10% increase in comparable sales, including an 18% increase in e-commerce comparable sales and a 6% increase in same store sales. This was partially offset by the negative impact of the 53-week calendar shift which included an extra week in the fourth quarter of Fiscal 2024 and shifting of a higher volume week out of the fourth quarter into our third quarter this year and the impact of net store closings. Adjusting for this extra week and shift, net sales would have been up 7%.

Comparable Sales

Comparable Same Store and Direct Sales:

Journeys Group
Schuh Group
Johnston & Murphy Group

4QFY25	4QFY24
14%	(5)%
2%	(5)%
0%	8%

Total Genesco Comparable Sales	10%	(4)%
Same Store Sales	6%	(7)%
Comparable Direct Sales	18%	5%

The overall sales increase of 1% for the fourth quarter of Fiscal 2025 compared to the fourth quarter of Fiscal 2024 was driven by an increase of 5% at Journeys, partially offset by a decrease of 3% at Schuh, a decrease of 6% at Johnston & Murphy and a decrease of 12% at Genesco Brands. On a constant currency basis, Schuh sales were down 4% for the fourth quarter.

Fiscal 2025 fourth quarter gross margin was 46.9%, up 60 basis points compared with 46.3% last year. The increase as a percentage of sales compared to Fiscal 2024 is due primarily to lower markdowns at Journeys and improved margins at Genesco Brands and Johnston & Murphy, partially offset by increased promotional activity at Schuh.

Selling and administrative expense for the fourth quarter of Fiscal 2025 decreased 60 basis points as a percentage of sales to 40.5% compared with 41.1% last year. The decrease as a percentage of sales compared to Fiscal 2024 primarily reflects decreased occupancy costs and selling salaries along with other expenses as part of our cost savings initiatives, partially offset by increased marketing and performance-based incentive compensation expenses.

Genesco's GAAP operating income for the fourth quarter was \$46.1 million, or 6.2% of sales in Fiscal 2025, compared with \$37.3 million, or 5.0% of sales in the fourth quarter last year. Adjusted for the Excluded Items in the fourth quarters of both Fiscal 2025 and 2024, operating income for the fourth quarter of Fiscal 2025 was \$47.9 million compared to \$38.5 million last year. Adjusted operating margin was 6.4% of sales in the fourth quarter of Fiscal 2025 and 5.2% in the fourth quarter last year.

The effective tax rate for the quarter was 25.8% in Fiscal 2025 compared to 43.0% in the fourth quarter last year. The adjusted tax rate, reflecting Excluded Items, was 23.8% in Fiscal 2025 compared to 22.6% in the fourth quarter last year. The higher adjusted tax rate for the fourth quarter of Fiscal 2025 compared to the fourth quarter last year primarily reflects a change in the jurisdictional mix of increased Fiscal 2025 fourth quarter earnings.

GAAP earnings from continuing operations were \$33.6 million in the fourth quarter of Fiscal 2025 compared to \$20.3 million in the fourth quarter last year. Adjusted for the Excluded Items in the fourth quarters of both Fiscal 2025 and 2024, fourth quarter earnings from continuing operations were \$35.8 million, or \$3.26 per share, in Fiscal 2025, compared to \$28.5 million, or \$2.59 per share, in the fourth quarter last year.

Full Year Review

Net sales for Fiscal 2025 (52 weeks) were flat at \$2.3 billion compared to Fiscal 2024 (53 weeks). The flat sales for Fiscal 2025 reflected an increase in comparable e-commerce sales offset by 63 net store closings, the negative impact of the extra week in Fiscal 2024 due to the 53-week calendar shift of approximately \$25 million in retail sales and decreased wholesale sales compared to last year. Adjusting for this extra week, net sales would have been up 1%. Total comparable sales for Fiscal 2025 increased 3% including a comparable e-commerce sales increase of 12%, while same store sales were flat.

Overall sales for Fiscal 2025 compared to Fiscal 2024 increased 3% at Journeys, offset by a decrease of 6% at Johnston & Murphy and an 11% decrease at Genesco Brands, while sales at Schuh were flat. On a constant currency basis, Schuh sales were down 2% for Fiscal 2025.

Gross margin for Fiscal 2025 was 47.2% compared with 47.3% last year. Adjusted gross margin for Fiscal 2025 decreased 10 basis points as a percentage of sales compared to last year. The decrease as a percentage of sales compared to Fiscal 2024 is due primarily to increased promotional activity at Schuh, partially offset by improved margins at Johnston & Murphy and Genesco Brands in Fiscal 2025.

Selling and administrative expense for Fiscal 2025 decreased 10 basis points as a percentage of sales to 46.4% compared to 46.5% last year. The decrease as a percentage of sales compared to Fiscal 2024 reflects decreased occupancy costs, partially offset by increased selling salaries and marketing expenses.

Genesco's GAAP operating income for Fiscal 2025 was \$13.9 million, or 0.6% of sales, compared to an operating loss of \$13.5 million, or 0.6% of sales last year. Adjusted for the Excluded Items in Fiscal 2025 and 2024 and goodwill impairment in Fiscal 2024, operating income was \$18.9 million in Fiscal 2025 compared to \$16.8 million last year. Adjusted operating margin was 0.8% of sales in Fiscal 2025 and 0.7% of sales last year.

The effective tax rate was 309.6% in Fiscal 2025 compared to -8.5% last year. The adjusted tax rate, reflecting the Excluded Items in Fiscal 2025 and 2024 and goodwill impairment in Fiscal 2024, was 27.7% in Fiscal 2025 compared to 24.6% last year. The higher adjusted tax rate for Fiscal 2025 compared to Fiscal 2024 reflects a change in the jurisdictional mix of increased Fiscal 2025 earnings. The divergence between the effective tax rate and the adjusted tax rate is due to recording a \$26.2 million U.S. valuation allowance in Fiscal 2025 that is excluded from the adjusted tax rate.

GAAP loss from continuing operations was \$19.5 million in Fiscal 2025 compared to \$23.6 million last year. Adjusted for the Excluded Items in Fiscal 2025 and 2024, the U.S. valuation allowance in Fiscal 2025 and goodwill impairment in Fiscal 2024, earnings from continuing operations were \$10.3 million, or \$0.94 per share, in Fiscal 2025, compared to \$6.4 million, or \$0.56 per share, last year.

Cash, Borrowings and Inventory

Cash as of February 1, 2025 was \$34.0 million, compared with \$35.2 million as of February 3, 2024. Total debt at the end of the fourth quarter of Fiscal 2025 was zero compared with \$34.7 million at the end of last year's fourth quarter. Inventories increased 12% on a year-over-year basis reflecting increased inventory for Journeys, Johnston & Murphy and Genesco Brands, partially offset by a decrease at Schuh.

Capital Expenditures and Store Activity

For the fourth quarter of Fiscal 2025, capital expenditures were \$14 million, related primarily to retail stores and digital and omnichannel initiatives. Depreciation and amortization was \$13 million. During the quarter, the Company opened four stores and closed 28 stores. The Company ended the quarter with 1,278 stores compared with 1,341 stores at the end of the fourth quarter last year, or a decrease of 5%. Square footage was down 3% on

a year-over-year basis.

Share Repurchases

The Company did not repurchase any shares during the fourth quarter of Fiscal 2025. The Company repurchased 399,633 shares for \$9.8 million, or \$24.49 per share, during Fiscal 2025. The Company currently has \$42.3 million remaining on its expanded share repurchase authorization announced in June 2023.

Cost Savings Update

The Company achieved the higher-end of its target run-rate range of \$45 to \$50 million in total expense savings through the cost reduction program that began in Fiscal 2024.

Fiscal 2026 Outlook

For Fiscal 2026, the Company:

- Expects total sales to be flat to up 1% compared to Fiscal 2025 including a foreign exchange negative impact of approximately \$14 million and closed store impact of approximately \$30 million
- Expects adjusted diluted earnings per share from continuing operations in the range of \$1.30 to \$1.70 ²
- Guidance assumes no further share repurchases and a tax rate of 29%
