This release contains forward-looking statements, including those regarding the Company's sales and earnings outlook. Actual results could turn out materially different from the expectations reflected in these statements. A number of factors could cause differences. These include continuing weakness in consumer demand for products sold by the Company, which could lead to lower than expected sales and product margins and, consequently, profits. They also include changes in buying patterns by significant wholesale customers, disruptions in product supply or distribution, changes in business strategies by the Company's competitors, the Company's ability to open, staff and support additional retail stores on schedule and at acceptable expense levels, and the outcome of litigation and environmental matters involving the Company. Forward-looking statements reflect the expectations of the Company at the time they are made. The Company disclaims any obligation to update such statements.
